

HOW TO GET YOUR USI 😊

All students studying nationally recognised training in Australia from 1 January 2015 will be required to have a Unique Student Identifier (USI).

A USI is an account/reference number made up of numbers and letters which allows you online access to your training records and results through an online USI account. This will only hold records for any nationally recognized qualifications (Certificate I, II, III, Diploma's etc) you elect to study.

A USI is required for students to enrol into a course and to receive their statement of attainment/ Certificate of completion when completing their course.

The USI number is no cost to student or parent/guardian and it can be accessed anytime online.

It is important that you keep this number in your emails/phone/in a safe place for when you need it.

Step 1.

Student/parent will need one of the following points of Identification for the student. The student's legal name must be entered. If there has been a change of name, the name on the registered document must be used.
